A FARMER IN TOWN

HE WANTS ALL THE MODERN IMPROVEMENTS.

WOMEN WANT TO GO, TOO

Want Things Fixed Up Like Their Sisters in Town—Explains Loss in Rural Population.

The following article was in Thursday's Kansas City Times:

Columbia, Mo., Oct. 13.—A letter was sent out by the Department of Agriculture a year or more ago asking women to answer the question "What changes would make farm life more attractive to women?" It was made plain that it was to ascertain what the women missed most and had no reference to the comfort or conveniences of any member of the family except the women.

There were six hundred answers and 356 of them mentioned water in the house as one of the principal things desired. Many suggested some form of light that would enable them to get away from the use of coal oil. As a result of the latter suggestion the laboratory here has devised a comparatively inexpensive acetylene gas plant that will develop a cheap and convenient light.

A QUESTION OF POLICY

But the water in the house question is so easily solved that among farming communities elsewhere it will be a cause of surprise when it is stated that very few Missouri farms have that convenience. The women and their wishes figure pretty strongly in this disposition to get away from the farms because while improved farm machinery has been a strong element in making work easier for the men the women on the farms in this state have not so many conveniences for household work. The fact that they are dissatisfied is an influence that has much to do with the rush to the cities and even to places out of the state. Daughters of prosperous farmers, who have seen their mothers carry the water for the kitchen all their lives, regard it as a peculiar hardship and many a marriage of these girls to men in the towns has behind it the influence of this desire to get away from unpleasant work.

Here in Boone county there are a few farmers who have the comparatively inexpensive water plants in their homes. A man familiar with the county, in telling about it today, remarked: "And curiously enough they are practically all of them in farm houses along the sixty miles of rock and gravel roads of the county."

Columbia Went Ahead.

Boone county is not one of the counties that show a decrease according to the census, but the increase of population in Columbia was 2,500 more than the increase of the county as a whole. In other words, though Centralia, in the northern part of the county, made a substantial gain it can be classed as a part of the county and if Columbia is eliminated from the calculation Boone county lost 2,500 in its population in the last ten years. There are three counties here together that show gains in population, Boone, Audrain and Randolph, and each of the three has a city that gained twice as much as the total gain of the county.

It was pointed out today that while the Missourian, so long as he lives in the country, shouts a vigorous protest against taxes, often will become a supporter of high taxes for improvements when he moves to town. A good many farmers of this county have moved to Columbia in the last few years to educate their children. So have many farmers from others counties. Men who take the trouble to keep track of these things say that farmers who, in the country, would not think it possible to vote a high levy or a few bonds for road improvements are perfectly willing to pay for granitoid sidewalks and brick pavements in front of their town homes. Their complete reversal of views can only be accounted for by the fact that in the country they see no need of changing from their old ways, while they conclude as soon as they come to town that paved streets and good sidewalks, sewers and modern conveniences are part of what goes to make up the town and they must have them.

The Ratio of Growth.

The fact that the best growth in Missouri has been among the cities and towns that have spent the most for improvements is very forcibly

(Continued on page 3, column 2.)

WILL CAMP HERE MONDAY NIGHT

The second squadron of the Fifteenth cavalry, comprising 200 men and 254 horses will camp at Maryville, next Monday night, Oct. 17, in the Robinson pasture in the west part of town. They come here from Elmo, where they will camp Sunday night. Nothing definite about the squadron is known, only that they will be here that night.

MANY EXTENSIVE IMPROVEMENTS

Clark Andrews went to Arkoe Friday morning to superintend the extensive improvements that are being made by Michael M. Callahan around his beautiful country home, three miles east of Arkoe. Mr. Andrews has a force of men at work building over 3,000 fect of cement walks around the residence and leading to it from the road. A driveway 75 feet long and 10 feet wide is among teh things being done at the Callahan place, which with the necessary grading finished up will make a place ideal.

After these improvements around the residence are made, Mr. Callahan is going to have a large cement platform built at his feed lot, on which he will feed his hogs. The platform will be washed off after each feeding. The waterworks plant on the farm makes it possible for Mr. Callahan to keep everything about his place in the most sanitary condition. He also has a light and heating plant of his own. If there is anything needed or desired on the Callahan farm, no one knows about it but the owner himself.

SUES FOR NOTES THAT ARE UNPAID

A suit filed Friday was for John W. Kenedy against A. Waldeier. Shinabargar, Blagg & Ellison are the attorneys for the plaintiff. The suit is on two notes, one for $700 and interest from Jan. 7, 1902, and the other one for $300 and interest from April 2, 1908. Judgment for these amounts and interest are asked for.

Mr. and Mrs. Joseph Burns of Omaha and their little granddaughter, Mary Josel Godfrey of Louisville, Ky., arrived in Maryville Friday for a few days visit with their daughter, Mrs. Z T. Howell of North Vine street.

ASKS FOR DAMAGES

SIMMONS SAYS C. G. W. RAILROAD SLANDERED HIM.

SUIT FILED FOR $100,000

A Former Suit Brought Here Was Removed to Federal Court at St. Joseph, But Was Dismissed.

A $100,000 damage suit was filed Friday by Allen, Gabbert, Mitchell & Martin of St. Joseph in the circuit clerk's office here for Birchard H. Simmons against the C. G. W. R. R. Co., a corporation, Charles H. F. Smith and Horace G. Burt, receivers.

This suit was filed by Attorney Martin for the same amount of damages on July 15, 1909, but was removed to the federal court at St. Joseph on the application of the railroad company and was finally dismissed by the attorney.

The petition states that Charles H. F. Smith and Horace F. Burt were receivers of the railroad and in charge of the business of the company.

The petition states on June 24, 1909, and five years previous, he was an employe of the railroad company as agent and telegraph operator at various stations along said line, and for a long time was the station agent and operator at Parnell. That he skillfully performed all of his duties and complied with the contract and agreement with the railroad company. That on June 26, 1909, he was discharged and without cause from company and received a letter from the chief operator of the railroad that the charges for his discharge were drunk and disorderly on the night of June 19, 1909.

That the plaintiff demanded several times a hearing as required by the rules and regulations provided for in "Rules for Telepraphers," and that he received replies that were slanderous, insulting and detrimental to reputation and standing of the plaintiff. That the pretended reasons for his discharge was circulated and he was unable to obtain employment. The petition states that each allegation the company makes is absolutely false and untrue.

The plaintiff asks for $50,000 actual damages and $50,000 punitive damages. The suit will be tried at the November term of court.

CHAPEL EXERCISES AT THE NORMAL

The chapel exercises at the State Normal were conducted Friday morning by Professor Moore, who gave a very practical talk on the scripture lesson. After this, it was announced that Dr. F. M. Martin would deliver a lecture at the assembly Monday, his subject being, "The Water Supply."

Professor Cook announced that two committees were appointed on Thursday evening to solicit members for two literary societies, which will be organized soon. The societies will not be divided according to classification, as it was though they would be, but there will be two societies, and each student is at liberty to join the one of his choice. There are members of each committee, Miss Bessie Cox being chairman of one, and Miss Alice Roy of the other. Each society will be organized with twenty-five charter members who will draw up the constitution. Others wishing to join will be admitted as soon as the constitutions have been drawn up. Professor Cook urged every student in the institution to unite with one of these societies.

Professor Landon announced that the Glee Club would meet next Tuesday morning and he wished every one to be on hand, so he could choose an hour for regular meeting that will suit each one.

Professor Moore was requested to explain some of the principle of the game of football, which he did in brief. He first took up the field of play, giving the dimensions of the field, and showing the positions of lines and goals. He also explained the formations for the down, kickoff and goal kick and also several technical terms, as touchdown, goal from touchdown, punt, place kick, drop kick, goal from field, safety, off side, and others. He also mentioned several practices that are forbidden in the game and the penalties for each. The explanation was brief as the chapel hour was pretty well spent by the time he started with it, but many interesting points of the game were brought out.

For the next ten days all Hats at Cost. Mrs. Julia Williams, 115 South Main street.

NARROWLY ESCAPED

MISS MABEL ANDREWS AND ROY WRAY HURT IN ACCIDENT.

BOTH IN BAD RUNAWAY

Horse Became Frightened at Cement Sacks on Side of Road—Caused Wray's Horse to Run, Too.

Miss Mabel Andrews, the 15-year-old daughter of Mr. and Mrs. W. W. Andrews who live three miles southwest of Maryville, narrowly escaped death Thursday morning as she was driving home from an errand up-town.

When Miss Mabel reached the farm residence of W. R. Wells, two miles southwest, her horse became frightened at some cement sacks piled up in front of the yard fence, and started off on a wild run. In his tearing chase from one side of the road to the other, the top of the buggy fortunately came off, which enabled the frightened girl to get out of the buggy uninjured just before it was upset. The buggy was literally torn to pieces.

The horse ran madly on, with pieces of the shafts clinging to him, and overtook Roy Wray, a rural mail carrier, who was just getting started on his route. The shaft on the running horse struck his horse and frightened it so badly that it also ran away, upsetting the mail wagon and tearing it all to pieces. His horse, when stopped at the Andrews farm, had nothing but the collar on.

Mr. Wray suffered an injury to his head, which made him sick and dizzy for a while but he finished the delivery on his route, borrowing a conveyance from the George P. Bellows farm.

The animal Miss Andrews was driving ran on home with some of the wreckage still clinging to him.

The fright to the family can well be imagined. Death had entered the Andrews home the day before and took the baby boy. The funeral services were being arranged for that afternoon at 2 o'clock, and when the family driving horse came home that the daughter had driven to town a short time previous, followed by another running horse with every evidence of a bad runaway, the parents and the children at home had every reason to believe that Miss Mabel had met with a bad accident and was perhaps killed.

Mr. Andrews ran to the home of J. V. Embree, and secured a horse and went on to find his daughter, and met Mr. Sorrie, who works on the Wells farm, bringing her home, uninjured, save a few slight bruises and a bad fright.

Miss Andrews went in to the home of Mr. and Mrs. Elmon Trueblood, who live on the Wells farm, after she escaped from the runaway and stayed until a conveyance could be hitched up to take her home. It was indeed a narrow escape for all concerned.

Return to Oklahoma.

George W. Snapp, who has been visiting friends and relatives in Maryville and Nodaway county, the past week, left Friday morning for his home in Hydro, Okla. Mr. Snapp is a prosperous farmer and stock raiser of that region of Oklahoma. He is assisted in his business by his son, Arthur Snapp. His daughters, Misses Susie and Nellie Snapp, are married and in homes of their own. Miss Susie is Mrs. L. O. Pack of Memphis, Tenn., her husband being engaged in the mercantile business in that city. Miss Nellie is the wife of Harris Hatcher of Mullinville, Kan., a well known grain merchant of that region. Mrs. Snapp is at present visiting her daughter in Memphis.

Automobile Broke Down.

An automobile party that left Maryville Friday morning to go to Skidmore in Thad Wilderman's auto, containing Thad Wilderman, Ed G. Orear, Lee Carpenter and Prof. B. F. Duncan, narrowly escaped the oportunity of walking back to town when the automobile broke down about three miles southwest of town. But luckily, they were brought back to the city and secured J. Ed Costello's auto and went on their way to Skidmore.

Mrs. J. A. Howard and four little children went to Hopkins Friday to visit her sisters, Mrs. Lottie Kince and Mrs. William Wells.

Mrs. T. F. Payne and daughter, Virginia, of Parnell, went to Hopkins Friday to visit her parents, Mr. and Mrs. George C. Chamness.

Albert Felix and John Louck of Cidye were business visitors in the city Friday.

LEMIRE IS MAKING GOOD

C. P. LeMire, who was captain of the Normal football team two years ago, is playing at right halfback for the Missouri University team this fall. According to press dispatches from Columbia, he is making good and will be a fixture in the back field. The following is from the St. Louis Times:

Coach Hollenback shifted End Le Mire to the back field Saturday, and it was a happy move. Le Mire helped out wonderfully. His playing in the back field adds weight to it, and that is what the coach is trying for now. He seemed accustomed to the position, although it is new to him. He made a large percentage of the Tigers' gains.

News of Society and Women's Clubs

Banquet a Success.

The banquet given by the ladies of of Rebekah Lodge Thursday evening was one of the most enjoyable social gatherings of the year. Few, if any, better have ever convened in Maryville. Everybody was at home. There was no formal program. At about 8:30 at the solicitation of Mrs. Noah Sipes the Rev. C. H. John called the company to order, and introduced the Hon. Pata Wright, who delivered the address of welcome.

Mrs. Noah responded in a few well chosen words, assuring those present that the prime object of the gathering was that everybody should have an enjoyable time and get acquainted. Everybody got busy at once, and for about an hour it seemed as if there was not a single stranger in the lodge rooms. Among the enjoyable features of the evening was a piano solo by Mrs. Vance Westfall. Also a number of vocal solos by Miss Lettie Roelofson. About 9:30 the Rev. John was requested to announce that the older people present were desired in the dining room. The Rev. Parvin remarked that he never saw so many women before that were willing to be accounted old. Even his wife ate at the first table. After these had been served, the middle-aged were invited, and then the young people, in all about one hundred and seventy sat down to a banquet the equal of which has seldom been served in Maryville.

The event will long be remembered by all present as one of unalloyed pleaure.

ONE WHO WAS THERE.

Is "Sweet Sixteen."

Miss Elizabeth Hoffman was hostess to the Hum Drum Club at 5 o'clock tea Wednesday afternoon, in honor of the sixteenth birthday aniversary of Miss Marjorie Wilfley, one of the club members, who was presented a hand-painted china plate. The guests were Misses Marjorie and Geneva Wilfley, Mildred Robinson, Glen Hotchkiss, Helen Wray, Carrie Margaret Baker, Hildred Hanna, Ruth Reuillard, Ruby Curnutt, Blanche Shipps, Vera Tilson, Eleanor Smith and the hostess.

Had Dinner Guests.

Mr. and Mrs. G. W. Hempstead entertained at dinner Thursday evening, the Rev. and Mrs. W. J. Ward and Mr. and Mrs. Clark Andrews.

Lined In the Country.

Mr. and Mrs. G. R. Epperson were dinner guests Thursday of Mr. and Mrs. Humphrey Lyle, southwest of Maryville.

For Visiting Guests.

Miss Marjorie entertained at dinner Wednesday evening in honor of Mrs. Munn's sister, Mrs. Demrie S. Miller, and her husband, of Mathis, Texas, who are visiting them. The company included Mr. and Mrs. Miller, Miss Eva Dawson, Miss Lulu Holt, Miss Effie Collins, Miss Sarah Munn, the host and hostess and their little son, Walter J.

ELMO PARTIES SUED

GLEN CAIN CLAIMS PARTNERSHIP AGREEMENT WAS VIOLATED.

WANTS AN ACOUNTING

Royal Casualty Insurance Company is Sued By Harlin Reece for Benefits of $88.35.

A suit was filed Friday moring by Ellis G. Cook, attorney for Glen Cain against George and Elmer Hamilton.

The petitioner cites that on March, 1910 the plaintiff entered into a partnership agreement with defendants in the livery business at Elmo, and that he was to receive one-half of the profits. That the defendants appropriated to their own use certain sums of money belonging to the firm and that they have refused to pay the plaintiff, although greatly indebted to him.

By reason of the misappropriation of funds, the defendants have received great sums of money in excess of their proportionate share, and that they still continue to collect money due the firm and appropriate same to their own use.

The plaintiff asks for a judgment dissolving partnership and for an accounting covering all business transactions, and that the defendant be enjoined from further interfering with business. The petition further asks that a receiver be appointed to take charge of the business and sell the assets.

Another suit filed by Attorney Cook Friday was Harlin Reece against Royal Casualty Insurance Company. In the petition, it states that the plaintiff took out a policy September 3, 1909. That on March 26, 1910, he injured his ankle, affected through external violence and accidental means, and was totally disabled and unable to follow his vocation as dry goods clerk for forty-six days. The plaintiff sent in claim to the company, which they refused to pay. The plaintiff asks for a judgment of $88.35.

Attended the Show.

Rolla Reece, Edgar Rhoades, Rudolph Staples Jr., Wilson Garrett, Harry Wilson, Miss Mary Wallace, Miss Fadenia Jones, Miss Lulu Gaugh, Mr. and Mrs. Dale Carter of Burlington Junction, came over in automobiles Thursday evening to attend "The Isle of Spice" show at the Empire.

REPUBLICAN EXTRAVAGANCE

IN THE MANAGEMENT OF STATE AFFAIRS SHOWN BY COMPARATIVE STATEMENT COMPILED BY AUDITOR GORDON.

DEMOCRATIC ECONOMY

Means a Saving of a Quarter of a Million Dollars Per Year to the Taxpayers.

AN APPEAL TO THE RECORDS.

The following comparison of the expenses and receipts of the offices conducted by Republican and Democratic State officials for a like period of time was made by the Hon. John P. Gordon, Auditor of Missouri. The figures were compiled from the records in the Auditor's office, are authentic and official and speak for themselves:

THE GOVERNOR'S OFFICE.

CONTINGENT EXPENSES.

Under Governor Folk, a Democrat, for twenty months, from Jan. 1, 1907, to Sept. 1, 1908....$2,216.11
Under Governor Hadley, a Republican, for twenty months, from Jan. 1, 1909, to Sept. 1, 1910 ..... 2,982.29

Which shows that it is $1,766.18 cheaper for the people under a Democratic Governor than it is under a Republican Governor.

CURRENT EXPENSES OF THE GOVERNOR'S MANSION.

Under Governor Folk's administration for twenty months, from Jan. 1, 1907, to Sept. 1, 1908....$2,867.63
Under Governor Hadley, for twenty months, from Jan. 1, 1909, to Sept. 1, 1910..... 4,653.22

Which shows that this department cost the people $1,785.59 more to maintain Republican Governor Hadley, than it did Democratic Governor Folk for 20 months.

For the same length of time under Governor Folk it cost the people for the improvement of grounds at the Governor's mansion.....$ 748.25
While under Governor Hadley it has cost the people for the same time 1,671.10

Which shows that even in this department the Republican Governor cost more than twice as much, or $924.85 more under a Republican Governor than under a Democratic Governor.

Under Governor Folk's administration during the entire four years, it did not cost the people anything to buy a team and surrey for him, but it cost $873.75 to furnish a Republican Governor with a surrey and team.

We will give just a few items to show why a Republican administration of the Governor's office is more expensive than a Democratic administration. The people are paying Governor Hadley $12.50 a month board for the servants. This is something which no Democratic Governor ever asked, or was paid. He has five servants, which would be $60.00 per month and for his term it will cost the people $2,850.00 more than any Democratic administration in this State. Every Democratic Governor has furnished his own horses and surrey, but the first Republican Governor the State has had in forty years must have one furnished out of the pockets of the people.

Democratic Governors, when attending meetings out of the State, paid their own expenses, but Governor Hadley charged his expenses of a trip to New Orleans to attend a Child's and Woman's Congress to the State. The present Republican Governor does not seem to think that goods made by merican labor are good enough for his use, consequently he has imported mansion table linens from Scotland.

ATTORNEY-GENERAL.

CONTINGENT EXPENSES.

Under Attorney-General Hadley, for twenty months, from Jan. 1, 1907, to Sept. 1, 1908.....$8,369.72
Under General Major, for twenty months, from Jan. 1, 1909, to Sept. 1, 1910 ..... 7,418.27

Which shows that General Major has saved the people in this one item $951.45.

COST OF LITIGATION.

Under the Republican Attorney-General for eighteen months, from Jan. 1, 1907, to July 1, 1908 .....$65,781.93
Under the Democratic Attorney-General for eighteen months, from Jan. 1, 1909, to July 1, 1910 ..... 39,037.13

Of the amount, $39,037.13, $28,417.78 was inherited from General Hadley's administration, which shows that it cost $55,761.68 more to run this office under a Republican Attorney-General for eighteen months than it does under a Democratic Attorney-General.

GAME PROTECTION.

CONTINGENT EXPENSES.

Under a Democratic administration, from Sept. 1, 1907, to Sept. 1, 1908 .....$13,143.28
Under a Republican administration for the same length of time, from Sept. 1, 1909, to Sept. 1, 1910 ..... 85,205.67

Which shows that under a Republican administration it costs the people $70,062.39 more than under a Democratic administration.

We will give a few items of expense under the Republican Game Warden to show where the money goes:

He has spent in the last six months, for birds, which means pheasants $6,463.67
He spent for chicken hens, at seventy-five cents each 450.00
He has spent for telephoning and telegraphing about young pheasants 133.42
He has spent for express and freight the sum of 871.35
He has spent for chicken coops in the last six months the enormous sum of 2,727.40
He has spent for bird eggs..... 2,775.15
His stationery and printing bill for six months is 1,008.30
He has bought horses for the Game Farm to the tune of..... 350.00

ADJUTANT-GENERAL'S OFFICE.

CONTINGENT EXPENSES.

Under a Democratic administration for twenty months, from Jan. 1, 1907, to Sept. 1, 1908....$4,871.29
Under General Rumbold, a Republican, for the same length of time, from Sept. 1, 1909, to Sept. 1, 1910 ..... 7,416.87

This is ...re than under a Democ... on.

NATI... ...D EXPENSE.

Under a ...ocratic administration, fro... Jan. 1, 1907, to Sept. 1, 1908 .....$78,24...15
Under General Rumbold, a Republican, for the same length of time, from Jan. 1, 1909, to Sept. 1, 1910 ..... 86,276.71

Which shows a Republican Adjutant-General costs $8,035.56 more than a Democratic Adjutant-General.

NAVAL RESERVE EXPENSE.

Under a Democratic Adjutant-General for twenty months, from Jan. 1, 1907, to Sept. 1, 1908 .....$1,688.01
Under General Rumbold, a Republican, it has cost for the same length of time, Jan. 1, 1909, to Sept. 1, 1910.....$4,145.17

Which shows that this department cost the people $2,457.16 more for a Republican Adjutant-General than it did for a Democratic Adjutant-General.

WAR RECORDS.

Under a Democratic Adjutant-General it didn't cost the people anything 900.00
Under a Republican, Gen. Rumbold, it has cost for twenty months $3,949.21

SALARIES.

Under a Democratic administration, for twenty months, from Jan. 1, 1907, to Sept. 1, 1908....$5,541.55

These are the official records, Mr. Voter; which will you endorse by your vote November 8th, the Republican record of extravagance, or the Democratic record of economy?

The above record demonstrates thoroughly that the Democratic party is the party of economy in Missouri, and that the Republican party is the party of extravagance. Democratic rule in Missouri reduced the tax rate from 50 cents to 17 cents on the $100 assessed valuation—last year the tax rate in the adjoining states of Nebraska, Kansas, Iowa and Illinois was 63 cents, 54 cents, 40 cents and 40 cents, respectively. Not being able to raise the tax rate in Missouri, the Republicans seek to raise the assessments in order to obtain money to meet their extravagances.

Gov. Hadley is an advocate of assessing farm lands at full market value, and urged the assessors to so assess it. When the question of the equalization of the farming lands of the State came before the board of equalization at its final meeting, Gov. Hadley was not satisfied with the work of the county assessors, as to the real estate, and worked and voted for an increased assessment, from about thirty-three and one-third per cent, at which farms are now assessed, to one hundred per cent of their value. Gov. Hadley made the mistake, although a lawyer, of considering the board of equalization a board of assessors. He didn't stop to appreciate the fact that the board could only equalize, not assess. Fortunately for the farmers of Missouri, the four Democrats of the board, Messrs. Cowgill, Gordon, Roach and Major, stood by the farmers and prevented the raise in their assessments of 300 per cent.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Maryville Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault.

Backache is really kidney ache;

That's why Doan's Kidney Pills cure it.

Many Maryville women know this. Read what one has to say about it.

Miss Harriett McClurg, North Thompson street, Maryville, Mo., says: "I have used Doan's Kidney Pills and am in a position to recommend them. I was troubled by pains in my back, hips and loins, and at times I could hardly get about. I was also caused annoyance by too frequent passages of the kidney secretions. Doan's Kidney Pills, procured at Charles A. Love & Co.'s drug store relieved me at once, and my health is now of the best. I give the entire credit for the great change to this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic touble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisher's of Sycamore, Ill., and Mrs. Carrie Culler's of 835 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.509 Caldwell building, Monticello, Ill.

THE AMERICAN TOBACCO CO.

A FARMER IN TOWN

(Continued from page 1.)

pointed out by Walter Williams, who is a student of the state and its affairs second to none in Missouri. Beginning with Kansas City, where early in the decade there was a tremendous amount of money spent and work done in the building of boulevards and where paving and sewer building always is going on winter and summer, the greatest proportionate growth of any city in the state was made. The increase in St. Louis was less in proportion to the size of the city at the beginning of the decade.

Springfield has had its streets torn up the greater part of the ten years and has made extensive improvements. It forged ahead of Joplin and takes fourth place in the cities of the state. Cape Girardeau was an old river town that had stood still for a generation until the drainage of the swamp land below it gave a new impetus. The people saw that they had a chance to make a city and they began to improve and they have made it a modern small city in the last few years.

Will It End in Talk?

These are the cities that have made the most growth in the last ten years, proportion being always considered. Their growth from Kansas City down has been largely from Missouri and the most natural conclusion is that the Missourian is as fond of the good things of this world as anybody else. Now if the Missourian who moves to the city or town is anxious to have the best of modern improvements why does he not long for modern things when he is on the farm? The answer is that he does. He has done an endless amount of talking about good roads, but he has only talked. Possibly the progress of the towns in the last few years is beginning to reach the country. But it won't reach the big farmer who is trying to buy other farms as long as bad roads make it easier for him to acquire more farms.

Funeral Services for Mrs. Garner.

The funeral services of the late Mrs. J. B. Garner were held Wednesday afternoon at the house on East Third street, by Dr. L. O. Bricker of the First Christian Church. Old familiar hymns were sung by a quartet composed of Miss Litta Roelofson, Miss Ola Smith, W. E. Gorofth and Frank Owens. The pallbearers were J. H. Eckels, Gabe Allen, John Dempsey, Albert Bell, W. W. Glass and M. A. Turner.

In Wrong Buggy.

A party from Bedison put five or six pieces of gas pipe in the wrong buggy in Maryville through mistake Thursday afternoon. The buggy was on the north side of the square in the city, and if anyone has it, please leave it at L. R. Holt's implement store with name and address.

Mrs. J. F. Montgomery and daughter, Miss Ruth Montgomery, left Thursday evening for Cameron to attend the woman's missionary meeting in progress there this week. They go as delegates from the two missionary societies of the First M. E. Church and will be the guests of the Rev. D. and Mrs. J. F. Pierce and family while they are in Cameron.

Miss Mary Gleason of St. Joseph who is a guest at the home of Mr. and Mrs. M. M. Callahan of near Arkoe, was in Maryville Friday, visiting Miss Nellie O'Connor, a niece of Mrs. Callahan, who is attending the State Normal and makes her home with Mr. and Mrs. M. M. Dougan.

NO MORE DANDRUFF.

Orear-Henry Drug Co. Sells the Remedy that is Guaranteed to Kill all Dandruff Germs.

Of course you and every intelligent reader of The Democrat-Forum knows that dandruff is caused by a germ.

Dr. Sagerbund, the great French physician, proved this beyond a doubt.

In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in America, that is guaranteed to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks, or money back.

If you have dandruff get a large 50 cent bottle today and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

Here's proof of what Parisian Sage has done; it will do more. It is the finest hair grower and hair dressing in the world, and people who use it regularly will never grow bald. Mrs. John Stoner, Evansville, Ind., writes on June 2 1910:

"I used Parisian Sage and found it very successful; it removes dandruff and gives the hair life. I only used two bottles. I know it is a cure for dandruff."

Large bottles 50 cents at Orear-Henry Drug Co. and druggists everywhere. The girl with the Auburn hair is on every carton.

A Surprise.

The members and patrons of the M. E. Church, Pickering, gave a surprise Friday evening.

The pounding was so generous that it looked as if we might profit by launching a wholesale grocery business.

We regard your gifts for more than their market value. They are tokens of your love for us and symbols of your unsurpassed generosity.

We hope we may prove worthy of your kindness to us and measure up to your expectations of us.

We cannot show our great appreciation to you in dollars and cents, but such as we have we give unto you: Our time, our efforts, our talents and our all.

May God honor your donation and bestow upon each donor a great blessing. We thank you.

REV. and MRS. W. E. ROYSTON.

IS YOUR FACE HEALTHY?

Follow This Beauty Hint if Your Complexion is Poor.

Feminine loveliness is based first pon health. Regularity of features is secondary, if the complexion is as fresh as a rose. And every face that is not clear, fresh and delicate, actually is unhealthy. The reason is to be found in impeded circulation, closed pores, and the uncleanliness that comes from exposure to the air and dust, and which soap and water cannot correct. Remove the cause, and the skin will welcome healthful conditions, quickly attaining the pink of perfection. But how? Scientific massage and Crown Cream. Every feminine reader has used or has heard of Crown Cream, which, even without massage, is the greatest healing and cleansing toilet preparation ever compounded. The laboratory which gave the world this cream, has greatly added to its efficiency by the invention of the Harlan Beauty Cup, an appliance which makes every woman a massage expert.

Acting by a mild, yet marvelously effective vacuum system, the Beauty Cup invigorates the skin thoroughly, assisting the surface to rid itself of waste matter, and giving an improved circulation to the network of blood vessels beneath. No hand massage can possibly equal it in efficiency and permanent results. These two toilet articles should be owned by every woman, especially at this season of the year. Crown Cream is sold at 50c a jar everywhere, and this is the price of the Beauty Cup also. Sold by Charles Love.

Mrs. F. M. Knowles of Tarkio was in town Friday morning on her way home from a visit in Hopkins with her daughter, Mrs. Earl Nally. While in Maryville, Mrs. Knowles visited Mrs. M. McCreary between trains.
